Established in 2010 as the Office of Student Life’s signature leadership development experience, the Buckeye Leadership Fellows Program provides transformative experiences which empower undergraduate students to challenge themselves to continuously improve, to identify their place within the world and to mindfully engage in their post-graduate pursuits. The experiential program exposes students to a range of public and private industries and encourages them to think differently about how to apply their skills in a practical way.

Total Annual Impact

Cohort Program 40+ Fellows
Fellows in the cohort program meet weekly, engage in 30+ workshops and complete an average of four consultative projects with program partners annually.

Individual Supporters 350+ Contributors
The Buckeye Leadership Fellows Program has over 350 supporters that provide coaching, mentoring and programmatic financial support to students through a variety of experiences.

Campus-Wide Programs 500+ Students
Our Campus-Wide programs are open to all students and are accessed annually by 500+ students, including the Leadership Luncheon Series and Leadership Challenge Month.

Business and Community Partnerships 30+ Partners
Our partners are integral in creating and delivering the real-world experiences for students that provide transformational personal, professional and leadership development.
