

# Buckeye Leadership Fellows WORLDVIEW

The Buckeye Leadership Fellows program highlights perspective, curiosity and diversity as core values and strongly encourages Fellows to engage in international experiences that help to illuminate and strengthen these values. Fellows participate in immersive opportunities through study abroad, internships and service experiences. These experiences help to broaden the worldview and provide global insight to Fellows during their time in the program. Of 150+ Alumni, their international travel and experiences include the following 47 nations.
